ALVOS DE POSE · DICT_4X4_100 · gerado 2026-07-29T15:15:56-03:00
IMPRIMIR EM 100% / TAMANHO REAL. Conferir a regua de 100 mm e anotar o valor
em `escala_impressao_medida_mm` no `alvos_pose.json` (vale para todos os alvos).
Imprimir em fosco. Para uso submerso: laminar ou vinil adesivo; brilho gera
reflexo especular que apaga os bits do marcador.
